

# BROKEN VESSELS

**Booking now in Cowboy  
Churches along with other venues...**

## BROKEN VESSELS

Broken Vessels is a Christian Music group from Branson, MO . They travel full time, performing in concert venues and ministering in churches across the Country. In a concert/service with Broken Vessels, You will hear new material in the Southern Gospel and Contemporary Christian style, as well as favorite classics that have stood the test of time. Broken Vessels strives to have something for their entire audience, no matter the musical taste. Lisa's extraordinary vocal abilities will have your spirit soaring, and Scott, along with singing, is a nationally recognized keyboardist. This award winning husband/wife team founded Broken Vessels in 2009 and are on the road 300 days of the year. A part of their ministry is the testimony of Scott's healing from a Brittle Bone disease that, by medical standards, should have him in a nursing home, unable to do anything for himself. However, after giving his heart to the Lord, he's traveling the Country, telling everyone he can, that no matter what you've been through in your life  
**GOD USES BROKEN VESSELS.**
